Global Animal Disaster Management Conference

Animals matter in disasters

Online | Free | 14-24 February 2021

World Animal Protection is the exclusive Platinum sponsor of GADMC 2021.

GADMC is the world's first global online conference on animal disaster management.

Register now to get your free conference ticket to hear from leading scholars and expert practitioners from over 16 different countries on how you can better protect the communities you serve by taking an animal inclusive approach to emergency management.

This not for profit conference is aimed at emergency managers, veterinary and wildlife professionals, farmers, humanitarian aid workers, policy and law specialists and those working with animals during disaster.

Visit our [website](#) for further information or find us on Facebook, LinkedIn and Twitter. #GADMCConf
